Customer Commitment

To truly be Your Best Business Partner

Our commitment to you is for the long haul. So we are determined to gain your loyalty by providing exceptional service. It is a point of pride that so many of our customers have come back to us time and again since our modest beginnings. Our growth is a direct result of our commitment to serve every customer with care and respect, whether you're looking to make a major purchase or you just need a simple part or repair. That's how we hope to become Your Best Business Partner.

THEN...

David A. Thompson founded TEC Equipment in 1976. During those early days in Portland, Oregon TEC Equipment was known as Thompson Equipment Company, buying and selling used trucks and trailers out of a single location.

Today, this proud, family-owned business, is the largest multi-point truck and trailer dealership on the west coast of the United States. We have 23 locations in Washington, Oregon, Nevada and California, serving a population base of more than 40 million people.

TEC Equipment, Inc.'s growth in the dealership industry is unprecedented. Our focused strategy has yielded 40 consecutive years of profitability, market share growth and financial stability.

AND NOW...

TEC Equipment/Auto Transport is the West's premier car hauler dealership. We are one of the biggest auto transport dealers in the nation. Our parts department is staffed with car hauler specialists who have been in the business for years.

We offer a large selection of new and used trucks and trailers including the highly sought-after Volvo VAH Series, Daycab, VAH-430 (42" sleeper) & VAH-630 (61" sleeper). We also offer car hauler service for all makes, repair, and fabrication, including cylinder work and welding.

MORE THAN JUST PARTS!

WINTER FLOORS AND TARPS

Protect your freight with TEC's custom-built Winter Floors and Tarps. Our dedicated Auto Transport technicians will design and install for a custom fit, specifically for your equipment. Call today for a quote.

ACTUATOR CONVERSIONS

Actuator problem? We can help! TEC has developed a complete process to convert your equipment to modern, efficient cylinders. Our technicians are ready to convert ALL TYPES of actuators. Call today to find out your options.

COMPLETE REFURBISHMENT

If your equipment is getting a little more than just "rough around the edges," bring it to TEC for refurbishment. We work on all makes, models, and configurations of auto transport equipment. Your equipment will run as smoothly as it did when new, for a fraction of the cost of buying new! Bring your rig in today for a specialize quote.

Services include:

- Hydraulics
- Electrical
- Welding & Fab
- PTO & Pumps
- Cylinders
- Body & Paint
- Frame Rail Repair & Replacement
- Suspension & Brakes
- And more…

SOFT TIE CONVERSIONS

More and more transport companies are requiring straps. Bring your equipment to our dedicated facility and let our experienced technicians update it today.

- All Headrack & Trailer Positions Set Up for Soft Ties
- Standard Boydstun Decking & Winch Tubes Modified To Accept Integrated Soft Ties
- Pelican Hooks Added So Chains Can Be Used In All Positions When Needed
- Complete Or Partial Conversion Packages Available
- Combine With Refurbishment For New Life For Your Hauler!
