

HOW CAN I BE NOTIFIED OF NEW OPPORTUNITIES THAT MEET MY INTERESTS?

You can sign up to receive email job alerts based on your interests. When a job that meets your interests is posted, you will receive an email.

While logged in to the TEC Job Center, type in the search term which can be anything (e.g., “technician,” “technician Fontana,” “Portland,” “Volvo,” “sales,” “CDL,” etc.) and click on the “Activate job alerts for this search” link.

The screenshot shows the TEC Job Center search interface. At the top, there is a navigation bar with the TEC Job Center logo, "Find Opportunities", "My Presence", and "U.S. English". Below this is the "Job Opportunities" section. There are two search input fields: "WHAT" with the text "technician" and "WHERE" with the placeholder "City, State, Zip, Address". Below the search fields is a map of the United States with several blue location pins in the Pacific Northwest region. At the bottom right of the map area, there is a green button with a mail icon and the text "Activate job alerts for this search", which is highlighted with a red rectangular box. A "Reset" button is also visible to the left of the highlighted button.

You will then select the frequency of emails (daily or weekly).

The screenshot shows the "Create Job Alert" dialog box. At the top, it says "Create Job Alert". Below that, it says "Send me email(s) when there are new opportunities available for technician portland". There is a "Frequency" dropdown menu with "Daily" selected and "Weekly" as an option. Below the dropdown, it says "By signing up for these job alert emails, you are providing your consent." At the bottom, there are two buttons: "Create" and "Cancel".
